Coverage rules for MOTOR claims — Bajaj Allianz

CLAIMIQ | COVERAGE AGENT REFERENCE

TYPE: MOTOR

Document scope

Claim type	MOTOR
Applies to scenarios	Scenario 2 (car accident with billing-anomaly fraud signal)
Insurer / product	Bajaj Allianz — Private Car Package Policy
Sample policy	MCA789012
Purpose	Rules the Coverage Agent checks a motor claim against, including benchmark capping of repair estimates.

1. Sums insured & deductible

Cover	Limit	Basis
Own damage (vehicle value)	Rs 4,50,000	Aggregate cap
Third-party liability	Rs 1,00,00,000	Statutory
Personal accident	Rs 5,00,000	Owner-driver
Compulsory deductible	Rs 5,000	Per claim, before payout

2. Covered items (inclusions)

- Own damage from accident, theft and natural calamities.
- Third-party bodily injury and property-damage liability.
- Personal-accident cover for the owner-driver.
- 24/7 roadside assistance.

3. Exclusions (not covered)

- Mechanical or electrical breakdown and wear & tear.
- Damage attributable to poor maintenance.
- Driving under the influence of alcohol or drugs.
- Unauthorised vehicle modifications.
- Use other than the declared private purpose.

4. Repair-estimate benchmarking rule

Repair estimates are validated against market benchmarks for the same damage profile. Estimates from garages outside the insurer's approved network receive additional scrutiny.

- Payable amount is capped at the assessed market benchmark for the damage.
- Any excess over the benchmark is borne by the insured.
- Non-network garage → recommend re-appraisal / approved-network repair.
- Individual line items materially above typical rates are flagged as billing anomalies.

5. Coverage decision logic

Condition evaluated	Coverage decision
Valid policy, accident within period, covered cause, estimate at/under benchmark	COVERED — less Rs 5,000 deductible
Covered cause but estimate above benchmark and/or non-network garage	COVERED (CAPPED) — pay benchmark, require appraisal
Third party at 100% fault (per FIR)	COVERED — own-damage payable; pursue subrogation
Cause maps to an exclusion (DUI, wear & tear, non-private use)	NOT COVERED
Strong fraud / inflation signals unresolved	NEEDS REVIEW — request documents / appraisal
