Triage Status: AMBER

1. Executive Summary

Motor claim for vehicle KA-05-MF-9234. Rear-end collision on NH-48. Repair estimate INR 2,85,000. Pending human review.

2. How to Use This Drive Folder

Step 1	Open the Adjuster Guide (this PDF)	Start here. Read the summary, todo list, and coverage notes before reviewing individual documents.
Step 2	Review the claim documents	All attachments submitted by the claimant are in this folder. Cross-reference with the facts in Section 3.
Step 3	Work through the Todo List	Section 4 contains a structured checklist. Tick each item off as you complete it.
Step 4	Check Coverage & Fraud notes	Section 5 has the AI's plain-English analysis. You must verify the cited policy wording independently.
Step 5	Record your decision externally	ClaimIQ does not record claim decisions. Log your final approval, rejection, or follow-up in the claims management system.

3. Claim Snapshot

Field	Value
Claimant	John Smith
Policy Number	INS-2024-00421
Claim Type	motor
Diagnosis / Procedure	Vehicle repair
Incident Date	2026-06-23
Claim Amount	INR 285,000
Coverage Status	needs_review
Fraud Score	22/100 (low)
Priority	medium
Routing	standard_review
SLA	48 hours

4. Adjuster Todo List

Work through each item below. Items marked 'ready' still require your independent verification. No claim decision should be communicated to the customer until all items are resolved.

	Action Item	Status
■	Confirm customer identity, policy number, and incident date.	Ready
■	Verify coverage position against cited policy wording.	Needs Review
■	Review FIR and damage photos for consistency.	Needs Review
■	Confirm repair estimate from Nippon Toyota is within fair market range.	Needs Review
★	Record final decision in claims management system.	Required

5. Coverage & Fraud Analysis (AI-Generated — Requires Verification)

Coverage	Coverage is needs_review. The own-damage rider must be confirmed before any payout decision.
Fraud	Fraud score is 22 (low). No significant risk signals detected.
Routing	Routed to standard review at medium priority. SLA is 48 hours.

6. Suggested Next Steps

- Verify garage estimate against standard rate card.
- Cross-check FIR number RMG-2025-0821 with police records.
- Confirm no prior claims under this policy in last 3 years.

7. Decision Guardrails

The ClaimIQ AI system has assisted with analysis. All final decisions remain with you, the authorized human adjuster.

- Copilot assists; it does not approve, reject, deny, or settle claims.
- No denial should be communicated without cited policy wording and a human review.
- Fraud signals are investigation triggers, not proof of fraud.
